# EVENT T-SHIRT CONSIGNMENT PACKAGES

Fundraising t-shirts are a fun and exciting way of raising money at Dig Pink events across the country, but sometimes selling can be a challenge.

- How many shirts do I get?
- Am I responsible for what I don't sell?
- What do I do with all of the extra shirts?

We have solved all of those issues while helping you raise even more money for The Side-Out Foundation through a new consignment t-shirt model. Please see the details below and contact us to get started!

## ORDERING

Choose a package appropriate for the size of event you will be having. Each package comes with 3 of our most popular designs. Number of sizes in packages are a suggestion based on what we have sold over time. You may request more or less of certain sizes but must meet the number of shirts in that package. 2X and 3X sizes are often available upon request. Should you sell out of your package, we will be happy to send you more if you need!

When your order is placed, you will provide an open purchase order from your school or business for Side-Out to hold. An invoice WILL NOT be sent until all shirts have been sold or the shirts that were not sold have been returned. At this point, we will invoice your school or business for the shirts that were sold or damaged.
